Haven Schrock

Software Developer

Pittsburgh, PA 15206 | (612) 400-9196 | havenao@gmail.com | linkedin.com/in/havenschrock

ABOUT ME

I'm a self-motivated programmer who thrives at implementing creative and collaborative solutions. With foundational knowledge acquired at the Academy Pittsburgh Developer Bootcamp and a wide array of skills, I am eager to continue solving complex problems as a web or software developer.

SKILLS

Programming Languages:

C#, JavaScript, Ruby, C

Experience with:

CSS, HTML5, React, Bootstrap, SQL, MVC, Ruby On Rails, Git, Rspec, Visual Studio, Visual Studio Code, Unity, Game Maker Studio 2, Dbeaver

Other Knowledge & Tools:

Remote Collaboration, Graphic Design, Video Editing, Vector Art, Animation, Game Design, Adobe Illustrator, Photoshop, & Indesign, Final Cut Pro 7, Google Docs & Sheets

Human Languages:

English, Spanish, Portuguese

EDUCATION

Academy Pittsburgh, Pittsburgh, PA — *Developer Bootcamp* *(Sept 2020- Dec 2020)*

Intensive full-stack development bootcamp covering multiple languages, frameworks, and projects. Collaborated remotely with cohorts, developing projects in small groups to reinforce skills in an assortment of technologies.

Goshen College, Goshen, IN — *BA Communications (May 2012)*

PROJECTS

Academy Pittsburgh Capstone Project — *CodeNForce (Nov 2020)*

Collaborated with an 11 person team to develop a functioning webpage for a local municipality. We structured the website using Microsoft MVC, and used the municipality's API to communicate with their database and allow users to submit information to the database.

Pennsylvania Bones — *A 2D Roguelike Micro Game (Nov 2020)*

Developed prototype in Ruby console, upgraded visually with Ruby's Gosu Library, then made a final polished version using C# in Unity.

Portfolio Page — *havenschrock.com (Jan 2021)*

Built fully functional website from scratch using only HTML, CSS, and JavaScript to showcase my creative projects.

WORK EXPERIENCE

UPMC Childrens, Pittsburgh, PA — *Transporter (Feb 2018 - Sept 2020)*

Provided safe, timely transport of patients within the Hospital, prioritizing patient comfort and wellness.

Freelance, Pittsburgh, PA — *Logo Designer (Jan 2020 - Present)*

Evaluated client's needs in order to deliver eye-catching logo and shirt designs. Maintained a backlog of previous versions to present to the client before settling on the right design for client's vision.

Jolly Rogers Films, Denver, CO — *Video Editor, Translator (Apr 2014 - Nov 2014)*

Edited over 1,000 educational short videos and translated English text overlays to Portuguese. Coordinated with the project director to ensure videos conformed to project's goals.
